

Town of Aurora 50M Aquatic Centre

Date: October 9, 2020

Attention: Town of Aurora 50M Aquatic Centre Study,

On behalf of the Aurora Ducks Swimming Club, I am writing regarding the 50M aquatic centre business case study for the Town of Aurora. I would like to express my strong support for this project and confirm that our organization will benefit from having a 50M aquatic centre as our home pool.

We would be very interested in using the proposed facility as our home pool for the following purposes:-

- Year round usage in a 50M facility to accommodate over 200 swimmers that live in Aurora.
- Facility rental capabilities to host invitational swim meets which will bring in tourism to Aurora.
- Availability to host swim camps during school vacation time.
- Usage of 50M and 25M formats
- With a new 50M pool beside the existing 25M pool, will allow provincial and national swim meets to be hosted in Aurora.

Sincerely,

Paul Lau

President – Aurora Ducks Swimming Club
