

ONTARIO WATER POLO ASSOCIATION

October 7th, 2020

Mayor Mrakas,

My name is Nishant Damani and I am the Technical Advisor for Ontario Water Polo.

On behalf of the organization I would like vocalize our support for the Town of Aurora Aquatics Facility Development/Expansion Project in the addition of a 10 lane 50 metre pool.

As a resident of Toronto, the growth and expansion of our sport in the GTA is continuous. Ontario Water Polo would be excited at the possibility of hosting Provincial, National, and International events in Aurora, in collaboration with our National Sports Organization and regional club partners.

With the right infrastructure, the possibilities of utilizing the pool facility and other linked amenities is large. This includes, but is not limited to:

- Regional Development Centre practices/ training camps
- Team Ontario training camps and events
- Coach and official clinics and evaluations
- Strength and conditioning clinics and seminars

I would be honoured to help this initiative in any way possible.

Kind Regards,

Nishant Damani
Technical Advisor
Ontario Water Polo Association
