Mayor Tom Mrakas
Town of Aurora

Re: Letter of support, Aquatics Facility Development/Expansion for the Town of Aurora

Dear Mayor Mrakas,

On behalf of Water Polo Canada and President Conrad Hadubiak, it is with great enthusiasm that I am providing you today with this letter of support for the Town of Aurora Aquatics Facility Development/Expansion Project – specifically the option consisting of the addition of a 10 X 50 meters pool with seating up to 900 in the spectator area and – most importantly for the sport of water polo – with water from 2 to 3 meters deep.

The Northern area of the York region is growing and with such a facility the Town of Aurora would position itself to host a series of provincial, national and even international events that would generate significant economic impact while permit local, regional and provincial water polo and other aquatic sports to flourish.

A 10 lanes 50 meters pool with water polo friendly specs and appropriate seating capacity would allow for the hosting of National Championships League (NCL) tournaments and even international events. Our NCL consists of 28 clubs, 900 games annually and some of its playoffs weekend tournaments could draw up to 1000 room nights.

We strongly endorse the Town of Aurora Aquatics Facility Development/Expansion project!

Yours truly,

A handwritten signature in black ink, appearing to read "Martin Goulet".
